

Transplant Evidence Alert: COVID-19 Edition (7 Aug)

The [Transplant Library](#) provides a comprehensive overview of **COVID-19** information relevant for transplantation professionals, including case reports, observational studies, guidance documents, reviews, patient information and more.

Twice a month the *Peter Morris Centre for Evidence in Transplantation (University of Oxford)* selects and reviews the most important new information on COVID-19, in collaboration with the *British Transplantation Society*.

Observational studies

[Organ Donation during the Covid-19 pandemic.](#)

Ahmed, O., et al. (2020). *American Journal of Transplantation* [record in progress].

[Clinical Characteristics and Outcomes of COVID-19 in Solid Organ Transplant Recipients: A Case-Control Study.](#)

Chaudhry, Z. S., et al. (2020). *American Journal of Transplantation* [record in progress].

[COVID-19 and Kidney Transplantation: Results from the TANGO International Transplant Consortium.](#)

Cravedi, P., et al. (2020). *American Journal of Transplantation* [record in progress].

[Trends in US Heart Transplant Waitlist Activity and Volume During the Coronavirus Disease 2019 \(COVID-19\) Pandemic.](#)

DeFilippis, E. M., et al. (2020). *JAMA Cardiology* [record in progress].

Review

[Early report on published outcomes in kidney transplant recipients compared to non-transplant patients infected with COVID-19.](#)

Aziz, F., et al. (2020). *Transplantation Proceedings* [record in progress].

[COVID-19 clinical manifestations and treatment strategies among solid-organ recipients: a systematic review of cases.](#)

Moosavi, S. A., et al. (2020). *Transplant Infectious Disease* [record in progress].

[Covid-19 in kidney transplant recipients: a systematic review of the case series available three months into the pandemic.](#)

Oltean, M., et al. (2020). *Infectious Diseases* [record in progress]: 1-8.

[Use of tocilizumab in kidney transplant recipients with COVID-19.](#)

Perez-Saez, M. J., et al. (2020). *American Journal of Transplantation* [record in progress].

Guidance

[COVID 19 rapid guideline: renal transplantation.](#)

National Institute for Health and Care Excellence (NICE) (2020).

[Donor and Transplant Candidate Selection for Solid Organ Transplantation during the COVID-19 Pandemic.](#)

Galvan, N. T. N., et al. (2020). *American Journal of Transplantation* [record in progress].

Case Report

[Dealing with liver transplantation in the SARS-CoV-2 pandemic: Normothermic machine perfusion enables for donor, organ and recipient assessment – A Case Report.](#)

Bogensperger, C., et al. (2020). *Transplantation Proceedings* [record in progress].

Letter

[Dealing with uncertainty after transplantation in times of Covid-19.](#)

Massey, E. K. and A. Forsberg (2020). *Transplant International* [record in progress].

HELP US & CONTRIBUTE

If you have any relevant COVID-19 information or documents that you would like to share, [please contact the Peter Morris Centre for Evidence in Transplantation / University of Oxford](#) so we can consider your contribution for the next Transplant Evidence Alert: COVID-19 edition.
