

COVID-19  
EDITION

The Transplant Library provides a comprehensive overview of **free COVID-19 information** relevant for transplantation professionals.

+++++

## COVID-19 Observational studies

### Clinical effectiveness of COVID-19 vaccination in solid organ transplant recipients.

Aslam, S., et al. (2021). *Transplant Infectious Disease [record in progress]*: e13705.

### Long-term shedding of viable SARS-CoV-2 in kidney transplant recipients with COVID-19.

Benotmane, I., et al. (2021). *American Journal of Transplantation* 21(8): 2871-2875.

### Lower seroprevalence for SARS-CoV-2-specific antibodies among kidney transplant recipients compared to the general population in the city of Sao Paulo, Brazil.

Cristelli, M. P., et al. (2021). *Transplant Infectious Disease [record in progress]*: e13706.

### Efficiency of a boost with a third dose of anti-SARS-CoV-2 messenger RNA-based vaccines in solid organ transplant recipients.

Del Bello, A., et al. (2021). *American Journal of Transplantation [record in progress]*.

### Low mortality in SARS-CoV-2 infected heart transplant recipients at a single center.

Duran, J. M., et al. (2021). *Clinical Transplantation [record in progress]*.

### Pediatric liver transplantation activity in a high-volume program during the COVID-19 pandemic in Brazil.

Fonseca, E. A., et al. (2021). *Pediatric Transplantation [record in progress]*: e14112.

### Humoral and cellular immune response and safety of two-dose SARS-CoV-2 mRNA-1273 vaccine in solid organ transplant recipients.

Hall, V. G., et al. (2021). *American Journal of Transplantation [record in progress]*.

### Serological Response to the BNT162b2 COVID-19 mRNA Vaccine in Adolescent and Young Adult Kidney Transplant Recipients.

Haskin, O., et al. (2021). *Transplantation [record in progress]*.

### Health-related quality of life, uncertainty and coping strategies in solid organ transplant recipients during shielding for the COVID-19 pandemic.

McKay, S. C., et al. (2021). *Transplant International [record in progress]*.

## Impact of COVID-19 on Families of Pediatric Solid Organ Transplant Recipients.

Forner-Puntonet, M., et al. (2021). *Journal of Pediatric Psychology* 46(8): 927-938.
